CLAIM

2 I CLAIM:

3 A new and distinct variety of nectarine tree, substantially as
4 illustrated and described, that is most similar to 'June Pearl' (United
5 States Plant Patent Number 9,360) nectarine, by producing nectarines that
6 are very firm in texture, sub-acidic and sweet in flavor, clingstone in
7 type, and nearly full red in skin color, but is distinguished therefrom
8 by producing fruit that is more globose in shape, has virtually no
9 protruding tips at the apex, is larger in size, and matures about five
10 days later.
